TESS Talk Pediatrics Webinar 2023

April 8th and 9th, 2023
(Germany, Berlin CMT)

.....

TESS Research Network have taken a major role in this pandemic time in organizing webinars that are open for everyone, who are wishing to continue their medical/professional education without traveling. These webinars are time-saving, economic, and interactive programs that include case-bed presentations, online assessments, and live discussions with speakers, keynote speakers, and global researchers who are leading in providing useful tips for daily clinical practice and professional growth from basic to advanced research subjects.

Pediatrics Webinar 2023

TESS talk Pediatrics Webinar 2023 will be hosted on April 2023. The panel of speakers will be delivering their presentations on their recent research related to Pediatrics and Child healthcare. The current state of knowledge, its impact on the future will be discussed in detail. Longdom invites all experts to be a part of this webinar series and make it a perfect platform for knowledge sharing and networking.
